WE PRESENT YOUR FUTURE

SAMPATH BANK PLC

**Interim Financial Statements
for the year ended 31st December 2025
(In terms of Rule 7.4 of the Colombo Stock Exchange)**

FINANCIAL COMMENTARY FOR THE YEAR ENDED 31ST DECEMBER 2025

Financial Performance

The Sampath Group achieved its highest financial performance in its history, recording a PBT of Rs 53.0 Bn and a PAT of Rs 32.6 Bn, reflecting year-on-year growth of 8% and 13%, respectively. Meanwhile, the Group's total asset base surpassed Rs 2 Tn in 2025, reflecting a 12% growth compared to year-end 2024.

The Bank too recorded the highest profitability in its history during the financial year ending 31st December 2025, reporting a Profit Before Tax (PBT) of Rs 49.3 Bn and a Profit After Tax (PAT) of Rs 30.2 Bn, representing year-on-year growth of 5% and 11%, respectively. The PBT and PAT growth rates were even more impressive at 22%, when adjusted for the additional profit derived in 2024 for the restructuring of the Sri Lanka International Sovereign Bonds. The Bank achieved a significant milestone in 2025, with its gross loan book expanding by Rs 259 Bn to reach Rs 1.2 Tn by end-2025, compared to Rs 965 Bn in 2024, reflecting a strong year-on-year growth of 27%.

Key Financial Highlights for the Year Ended 31st December 2025

- Declared a first and final cash dividend of Rs 10.30 per share, marking an increase of Rs 0.95 per share compared with the previous year.
- ROE rose to 17.93% in 2025, compared with 17.74% in 2024.
- Lending momentum has accelerated since August 2025, with average monthly growth of Rs 36.5 Bn.
- Improved credit quality is evidenced by reductions in both Stage 2 and Stage 3 loans.
- Both capital and operating expenditure increases were in line with the Bank's long range strategic initiatives to accelerate future growth.
- The total tax charge exceeded Rs 33 Bn, resulting in an effective tax rate (ETR) of 52.3%.
- The Bank's Tier 1 and Total Capital Adequacy Ratios stood at 14.75% and 17.65%, respectively, comfortably exceeding regulatory minimums and reinforcing a solid capital position.

Gross Income

In 2025, the Bank's gross income reached Rs 218.8 Bn, reflecting a year-on-year growth of 12%. This performance was supported by contributions from interest income, fee-based income and other income streams.

Fund Based Income

For the year ended 31st December 2025, the Bank reported total interest income of Rs 181.1 Bn, reflecting a decline of 1% compared to 2024. This was primarily attributable to a lower AWPLR and reduced interest rates on government securities. In response to the correction in market interest rates, the Bank strategically redirected funds previously invested in government securities into its robust lending portfolio.

Interest expenditure for the year increased marginally, driven by growth in the deposit and borrowing portfolios. Consequently, Net Interest Income (NII) reached Rs 77.8 Bn for the year, reflecting a 3% decrease compared to the previous year.

Meanwhile, the Net Interest Margin (NIM) contracted by 79 basis points, declining from 4.90% in 2024 to 4.11% in 2025. This contraction was primarily driven by lower yields on the investment portfolio and reduction in AWPLR reflecting the broader downward trend in market interest rates, as well as the benefits passed down to its customers.

Non-Fund Based Income

Net Fee and Commission Income

Net fee and commission income across all segments increased by 21% in 2025, reaching Rs 21.2 Bn, driven by credit growth, stronger economic activity, and greater card usage. Furthermore, process improvements driven by new strategic initiatives played a key role in the growth of this income category.

Net Gain on Derecognition of Financial Assets

A gain of Rs 4.0 Bn was recognised from the disposal of Financial Assets, mainly realized in the first quarter of 2025 from the sale of Treasury bills and bonds. In 2024, the Bank recorded Rs 7.2 Bn loss primarily from the restructuring of the Sri Lanka International Sovereign Bonds. Excluding this loss, the result for 2025 represents a growth of 250% compared to 2024.

Net Trading and Net Other Operating Income

The Bank reported a total gain of Rs 6.5 Bn under net trading and other operating income in 2025, compared to a loss of Rs 2.8 Bn in 2024. The gain was primarily driven by an exchange gain of Rs 5.3 Bn, following the LKR's depreciation of Rs 16.63 against the USD. In contrast, in 2024, the LKR appreciated Rs 30.75 per USD, resulting in an exchange loss of Rs 4.2 Bn.

Impairment Reversal/Charge

The Bank recorded a total impairment reversal of Rs 0.6 Bn during the current year, representing a significant reduction of Rs 11.1 Bn compared to the previous year. Of the total reversal recognised in 2024, Rs 15.8 Bn arose from the restructuring of Sri Lanka International Sovereign Bonds (SLISBs). Excluding this one-off reversal, the Bank would have reported an impairment charge of Rs 4.1 Bn in 2024.

Impairment reversal/charge on loans and advances

In 2025, the Bank recorded an impairment reversal of Rs 1.0 Bn on loans and advances, compared with a charge of Rs 2.8 Bn in 2024.

Amid accelerated credit growth in the latter part of the year, the Bank recognised additional impairment provisions on newly granted loans and maintained higher provision coverage across all stages compared with 2024.

The Bank's strengthened recovery efforts, together with improved customer repayment capacity, supported by lower interest rates and favourable economic conditions, led to a significant reduction in Stage 2 and Stage 3 loans. The reinstatement of the parate execution law further facilitated the recovery of long-outstanding Stage 3 loans. Provision reversals arising from enhanced recovery processes exceeded impairment charges on newly granted loans. Consequently, Stage 3 loans as a proportion of gross loans declined to 9.6% as at 31st December 2025 from 13.7% at the end of 2024, while Stage 2 loans decreased from 15.7% in 2024 to 7.6% by the end of 2025.

Large customers affected by Cyclone Ditwah were separately identified and assessed under the Individually Significant Customer Impairment process, with provisions determined based on the severity of the impact on their business cash flows. Customers requesting moratoriums who were classified under collective impairment were also identified, and an additional overlay allowance was recognised. The number of customers requesting moratoriums was considerably lower than in the COVID-19 related period.

Impairment charge on other financial instruments

The Bank recognised an impairment charge of Rs 1.4 Bn for the year ended 31st December 2025, primarily attributable to the purchase of short-tenor PDI bonds. In contrast, last year's reversal was mainly driven by the release of the full provision made against SLISB following its restructuring.

Operating Expenses

Operating expenses increased by 19% year-on-year, primarily due to incremental costs related to executing strategic initiatives aimed at positioning the Bank for its next phase of growth. Personnel costs rose by 10%, driven by annual salary increments, the expansion of the staff cadre and the acquisition of new talent to support business growth. These costs, together with increased investment in technology, were aligned with the Bank's future-focused strategic initiatives aimed at supporting long-term growth.

As a result, the Bank's cost-to-income ratio (CIR) rose by 170 basis points to 42.7%, compared with a CIR of 41.0% in the previous year, after adjusting for the impact of the SLISB restructuring.

Taxation

The total tax charge increased to Rs 33.2 Bn in the current year, up from Rs 32.6 Bn in the previous year, driven by higher taxable income. Despite this, the Bank's effective tax rate (ETR) marginally declined to 52.3% in 2025, compared with 54.4% in 2024. Total taxes paid to the Government of Sri Lanka during the year exceeded Rs 39.0 Bn, compared with Rs 33.8 Bn in the previous year.

Dividend

The Board of Directors has recommended a final cash dividend of Rs 10.30 per share for the financial year ended 31st December 2025, subject to shareholder approval at the 40th Annual General Meeting scheduled for 30th March 2026. The dividend payout ratio for the year stood at 39.98% (2024: 40.13%).

Key Ratios

The Bank achieved an improvement in profitability in 2025, with Return on Average Shareholders' Equity (after tax) rising to 17.93% from 17.74% in 2024. Conversely, Return on Average Assets (before tax) declined to 2.60%, from 2.84% at the end of the previous year, primarily driven by accelerated credit growth in the latter part of the year, which resulted in the recognition of the full impairment provision in the absence of sufficient interest income to absorb it.

Capital and Liquidity

Despite reallocating funds from government securities to lending, the Bank maintained strong capital and liquidity ratios, comfortably exceeding the minimum regulatory requirements throughout 2025. As of 31st December 2025, the Bank's Common Equity Tier 1 (CET1), Tier 1, and Total Capital ratios stood at 14.75%, 14.75%, and 17.65%, respectively, compared with 16.75%, 16.75%, and 19.38% at the end of 2024.

Liquidity levels remained robust, with the all-currency Liquidity Coverage Ratio (LCR) at 239.79% and the Net Stable Funding Ratio (NSFR) at 173% as of 31 December 2025, well above the minimum regulatory requirement of 100% in both cases.

Assets

Total assets grew by 11% to Rs 1.98 Tn as of 31st December 2025, supported by expansion of the loan portfolio. Gross loans rose by Rs 259.0 Bn, from Rs 964.6 Bn at end-2024 to Rs 1,223.6 Bn. Technology-driven enhancements and process improvements implemented through new strategic initiatives enabled higher lending volumes, shorter turnaround times, and the development of a robust SME and corporate loan book.

Additionally, funds previously invested in government securities were redirected to support loan growth, leading to a significant reduction in investments in Government Securities as the Bank adjusted its asset mix to levels approaching those seen before COVID-19.

Liabilities

The Bank's total liabilities increased by 12% to Rs 1.80 Tn as of 31st December 2025, primarily driven by growth in the deposit portfolio, which rose by Rs 178.1 Bn, from Rs 1.47 Tn at the end of 2024 to Rs 1.65 Tn at year-end 2025.

Group Expansion

The Bank wholly owns four subsidiaries—Siyapatha Finance PLC, Sampath Securities (Pvt) Ltd (formerly SC Securities Pvt Limited), Sampath Information Technology Solutions Limited and Sampath Centre Limited. In January 2026, the Bank established a new wealth management company to better address the evolving needs of its customer segments and is currently awaiting regulatory approval.

Driving a Sustainable Future for Sri Lanka

Sampath Bank continues to lead in sustainability through its infrastructure rejuvenation project, “*Wewata Jeewayak*”, marked by the restoration of its 28th tank, providing a significant boost to the country's agricultural and community development. This complements the Bank's ongoing initiatives in coral restoration, turtle conservation, forest replantation, mangrove restoration and several other environmental and community projects.

Furthermore, the Bank has strengthened its position as a national ESG leader by integrating sustainability principles into its business strategy, decision-making and operations. This holistic approach enables the Bank to create long-term value while promoting meaningful environmental protection and community empowerment.

Sampath Bank also made notable progress in strengthening sustainable finance, climate governance and operational performance. The scope of ESG-linked credit screening was further expanded in line with the best global practices. A key highlight was the successful implementation of SLFRS S1 and S2 under the Bank's Climate First Action Plan, marking a significant advancement in climate-related governance, strategy, risk management and metrics and targets.

As part of its contribution to green finance, Sampath Bank launched a Green Fixed Deposit supported by a comprehensive Green Deposit Framework, which obtained independent limited assurance at the pre-issuance stage, enhancing credibility and stakeholder confidence.

Beyond its environmental initiatives, Sampath Bank demonstrated strong social responsibility during periods of national crisis. In response to the devastation caused by the Ditwah Cyclone, the Bank donated Rs 100 Mn to the ‘Rebuilding Sri Lanka’ Fund to support economic recovery and business revival across the country. In addition, the Bank facilitated urgent humanitarian assistance by providing essential medical supplies to the Sri Lanka Red Cross and the Sri Lanka Air Force.

EXPLANATORY NOTES

1. There are no changes to the accounting policies and methods of computation since the publication of the annual accounts for the year ended 31st December 2024.
2. The Group Financial Statements comprise the consolidation of the Bank and its fully owned subsidiaries, Sampath Centre Ltd, Sampath Securities (Pvt) Ltd (formerly known as SC Securities (Pvt) Ltd), Siyapatha Finance PLC and Sampath Information Technology Solutions Ltd.
3. There were no material changes during the year in the composition of assets, liabilities and contingent liabilities. All known expenditure items have been provided for.
4. These interim Financial Statements are presented in accordance with Sri Lanka Accounting Standard - LKAS 34 (Interim Financial Reporting) and provide the information required in terms of Rule 7.4 of the Colombo Stock Exchange.
5. The External Auditors, Messrs Ernst & Young carried out an audit for the year ended 31st December 2025 and expressed an unqualified opinion on the Financial Statements of the Bank and the Group for that year.

6. Market Price of a Share	2025 (Rs)	2024 (Rs)
Market Price as at 31st December	146.50	118.25
Highest Market Price during the quarter ended 31st December	156.75	119.00
Lowest Market Price during the quarter ended 31st December	135.00	77.10
Weighted Average Market Price during the quarter ended 31st December	146.20	93.82

Quoted shares and debentures of the Bank are only traded in Sri Lankan Rupees

7. Impairment of financial assets - Loans and advances

As at 31st December 2025, the Bank carried out a comprehensive assessment of its Individually Significant Loans (ISL) to evaluate the adequacy of impairment provisions recognised in the Financial Statements. In forecasting cash flows for ISL customers, the Bank considered multiple recovery methods, including collateral realisation and the recovery of rescheduled or contractual cash flows. Additional impairment allowances were recognised for customers who exhibited signs of credit deterioration, including those adversely affected by Cyclone Ditwah in November 2025.

For collective impairment, the Bank updated its Probability of Default (PD) and Loss Given Default (LGD) rates using current-year data to determine impairment provisions as at the reporting date. Key macroeconomic variables were revised based on the latest information published by the Central Bank of Sri Lanka and other relevant sources. In addition, the probability weight assigned to the worst-case scenario was increased to 60%, reflecting ongoing global economic uncertainties, the impact of Cyclone Ditwah and extensive flood-related damages. An additional factor was introduced into the EFA model to reflect the climate impact on the lending portfolio. An allowance for overlay was also applied to capture potential losses, particularly for customers who obtained relief under the temporary debt relief scheme introduced by the Central Bank of Sri Lanka.

8. Events after the reporting period

There are no material events after the reporting date that require adjustment to, or disclosure in, the Financial Statements, other than the items disclosed under notes 8.1 and 8.2 below.

8.1 Proposed Dividend

The Directors of the Bank have recommended a final cash dividend of Rs 10.30 per share for the financial year ended 31st December 2025. This dividend is subject to approval by the shareholders at the Annual General Meeting to be held on 30th March 2026.

In accordance with Sri Lanka Accounting Standard - LKAS 10 (Events after the Reporting Period), this proposed final dividend has not been recognised as a liability as at 31st December 2025. As required by Section 56 (2) of the Companies Act No. 7 of 2007, the Board of Directors has confirmed that the Bank has satisfied the 'solvency test' under Section 57 of the Companies Act No. 7 of 2007, having obtained a certificate from the External Auditors prior to recommending the final dividend for the year.

8.2 Incorporation of a New Subsidiary to Conduct Wealth Management Business

The Central Bank of Sri Lanka has granted approval for the Bank to engage in wealth management business through a wholly owned subsidiary. The commencement of these business activities is subject to the subsidiary obtaining all other necessary approvals, including regulatory approval from the Securities and Exchange Commission of Sri Lanka.

9. Proposed Debentures and/or Green and/or Sustainability Bonds Issue

The Board of Directors of the Bank, at its meeting held on 17th December 2025, decided to issue up to 200,000,000 Basel III-compliant Tier 2 Listed, Rated, Unsecured, Subordinated, Redeemable, 5-year Debentures and/or Green and/or Sustainability Bonds with a Non-Viability Conversion feature, each with a par value of Rs 100/-, to raise up to Rs 20 Bn in one or more issuances within two years from the date of obtaining shareholder approval at an Extraordinary General Meeting, subject to regulatory clearances from the Colombo Stock Exchange and other relevant authorities.

10. Utilisation of funds raised via capital markets

The funds raised through the capital markets in the first quarter of the current year, as well as in previous years were fully utilised for the objectives stated in the relevant prospectuses.

FAIR VALUE OF FINANCIAL INSTRUMENTS

All financial assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, as described below.

(a) Level 1 – Quoted market price (unadjusted)

When available, the Bank measures the fair value of financial instruments using quoted market prices in an active market. Accordingly, quoted equity securities have been valued using quoted market prices as at the reporting date, while the fair values of treasury bills and bonds have been derived using the published yield curves.

(b) Level 2 – Valuation technique using observable inputs

If a market for a financial instrument is not active, then the Bank measures fair value of such instruments using quoted prices for similar assets and liabilities in active markets or quoted prices for identical/similar assets and liabilities in inactive markets or using models where all significant inputs are observable. The Bank has used the spot and forward premiums available as at the reporting date to estimate the fair value of derivative financial instruments. Fair values of financial assets and financial liabilities carried at amortised cost have been estimated by comparing the interest rates when they were first recognised with the current market rates of similar instruments.

(c) Level 3 – Valuation technique with significant unobservable inputs

Assets and liabilities valued using valuation techniques where one or more significant inputs are unobservable.

There are no material changes in the fair value of financial assets categorised under Level 3, compared to the values reported as at 31st December 2024. The Bank has not changed the valuation models and assumptions used to measure the fair values of Level 3 financial instruments during the year ended 31st December 2025.

Treasury bonds acquired in settlement of SLDBs under the Domestic Debt Optimisation Program (DDO) in 2023 and treasury bonds received in settlement of Sri Lanka International Sovereign Bonds in 2024 have been classified under level 2 since there is no active market for such bonds.

The following table lists those financial instruments for which their carrying amounts are a reasonable approximation of fair values because, for example, they are short term in nature or re-priced to current market rates frequently.

Assets	Liabilities
Cash & cash equivalents	Securities sold under repurchase agreements
Balances with Central Bank of Sri Lanka	Savings, demand, call & margin deposits
Placements with banks	Due to other borrowers
Reverse repurchase agreements	Dividend payable
Other financial assets	Other financial liabilities
